

U.S. Wheat and Barley Scab Initiative

FHB Tool Talk

Dear Extension, Crop Consultants, and Grower Organizations,

Looking for information on Fusarium Head Blight management in wheat or barley? Need to earn Continuing Education Units (CEUs) as a Certified Crop Advisor?

[Scabinar](#) is a webinar offered by the USWBSI to educate growers, crop consultants, extension, and industry personnel on Fusarium Head Blight of wheat and barley and the best way to manage the disease and its associated mycotoxin deoxynivalenol (DON).

We are excited to announce the recording of the 2024 Scabinar now has the option for CEU credit! Earn 1 CEU in integrated pest management by viewing the recording and passing the [Scabinar quiz](#)!

Scabinar 2024 featured experts from across different wheat and barley production regions in the U.S. and focused on fungicides and their use for management of Fusarium Head Blight and DON.

Presentations in the Recording Include:

- Carl Bradley, University of Kentucky, *History of Fungicide Testing, Registration, and Use for FHB Management in the U.S.*
- Pierce Paul, The Ohio State University, *Efficacy of Fungicides for FHB and DON in Wheat*
- Christina Cowger, USDA-ARS, *Efficacy of Fungicides for FHB and DON in Barley*
- Rob Proulx, North Dakota State University, *Fungicide Application Technology for FHB and DON Management*
- Martin Chilvers, Michigan State University, *Fungicide Resistance Risk and Monitoring*
- A Panel Session, moderated by Andrew Friskop, North Dakota State University, followed the last speaker which included all the speakers and Juliet Marshall, University of Idaho, and Kelsey Andersen Onofre, Kansas State University.

Still need more CEU's? If you haven't already, watch the recordings from [Scabinar 2022](#) and take the quizzes to earn 2 additional CEU's in integrated management.
